El Monte, Calif. – January 3, 2012 – Kick off the New Year with health and well-being from [Canfo Natural Products](#). Canfo FlushMe® is a 2-day quick, efficient, and superior cleanse formula that will leave you feeling lighter and more energetic. This time-tested, safe, and effective natural body cleanse and detox is a proprietary blend of herbal extracts formulated to support the healthy cleansing and filtering functions of the liver, kidneys, colon, pancreas, spleen, and skin.* The key to FlushMe's effective formula lies in its ability to cleanse the blood.* By improving the blood quality, FlushMe, in turn, cleanses the organs circulated by the blood.*

Canfo BeautifyMe® is the secret beautifying formula. External beauty is simply a reflection of the body's internal condition: everyone has the ability to become more beautiful. Hair, skin, and nails are often the most obvious reflection of the body's internal condition. When the body and more specifically, when a woman's reproductive system is deprived of nutrients, hair often appears less full and vibrant; nails have bumps and ridges and are even brittle; skin becomes drier and more prone to inflammation. BeautifyMe works to replenish and enhance the reproductive system and its ability to absorb and maintain nutrients.* As the reproductive system more efficiently absorbs nutrients, the byproduct is a healthy, replenished body with healthy, hair, skin, and nails.

Canfo LungCare® supports a healthy respiratory system, is a cleanse for smokers and helps combat harsh air polluted environments.* LungCare promotes your body's natural ability to rejuvenate cells, working with the lung to encourage cilia growth, giving your body back its natural function of trapping phlegm as well as providing a natural cleanse for the entire respiratory system.*

Canfo NoWorries® is the happy-emotion supplement that supports natural mood enhancement, helps restore calm and relaxation, and supports natural stress relief.* NoWorries takes a unique approach to mood enhancement. Rather than involving and affecting serotonin release, NoWorries instead focuses on the promotion of natural stress relief through the facilitation of liver function. Even a healthy liver requires natural support and because the liver helps provide filtered blood to all cells of the body, improved liver health and function can greatly influence mood.

Canfo NoStone® is the kidney support formula that promotes kidney cleansing function*. The kidney works hard to eliminate waste and toxic substances from the body. At times, the kidney can become overworked. NoStone works to support the kidneys to facilitate its function.* By focusing on the urinary tract's fluid elimination, NoStone serves to act as a natural cleanse and ensures a smooth passage of urinary waste through the urinary tract—providing a natural release for mineral buildup.*
