***Canfo Natural Products Launches Full Line of Non-GMO Project Verified,
Benefit-Specific Supplements at Natural Products Expo West Show***

-- Ignite Your Health with 100 % Natural, Fast-Acting, Herbal Supplements--

El Monte, Calif.--January 26, 2012 –[Canfo Natural Products](#) will be showcasing its full line of nine (9) benefit-specific, Non-GMO Project Verified, vegan, fast-acting, 100 % natural, naturally gluten free supplements at the **Natural Products Expo West Show** in Anaheim, California **March 9-11, 2012 in booth #5430.**

All Canfo products enhance your state of well-being by carefully blending state-of-the-art science and an eco-friendly manufacturing process, with proven centuries-old formulas. **Safe, fast-acting, effective,** and time-tested, all Canfo products are comprised of the finest quality, pesticide-free, wild-crafted, hand-picked herbs.

Canfo is equally dedicated to the highest standards of environmental practices and sustainability including printing all product labels, brochures, and flyers using 100-percent renewable wind energy. Canfo only uses FSC-certified sources, which boast responsible forest management, including sustainable, verified logging activities. All products are manufactured in GMP-certified (Good Manufacturing Practice) facilities. Implementing fair trade practices, Canfo works diligently to empower local communities and to support fair trading practices.

The Canfo line includes **EyeCare™**, the eye health formula designed for the heavy computer user that supports overall eye health and function*; **FlushMe®**, the 2-day quick cleanse formula that helps you feel lighter and more energetic*; **BeautifyMe®**, the secret beautifying formula for women that improves the look of skin, nails, and hair*; **DePuff™**, the water retention formula that helps regulate water retention, puffiness, and bloating throughout the body*; **GlucoseShield®**, the blood sugar support formula that supports healthy pancreatic function*; **LungCare®**, the breathe easy formula that helps to combat harsh air and polluted environments and a cleanse for smokers*; **NoStone®**, the kidney support formula that promotes kidney cleansing function*; **NoWorries®**, the happy emotion formula that supports natural mood enhancement, helps restore calm and relaxation, and supports natural stress relief*; and

OralEase®, the oral health formula that helps relieve canker sores and promotes oral health and freshens breath.*

As part of its commitment to make the world's most consistent and user-friendly supplement formulas, [Canfo Natural Products](#) full line of premium, [100-percent natural supplements](#) are Non-GMO Project Verified. The Non-GMO Project offers North America's only independent verification for products made according to best practices for GMO (genetically modified organisms) avoidance. All products in the line now feature the Non-GMO Project Verified Seal.

Canfo NoStone® is the kidney support formula that promotes kidney cleansing function*. The kidney works hard to eliminate waste and toxic substances from the body. At times, the kidney can become overworked. NoStone works to support the kidneys to facilitate its function.* By focusing on the urinary tract's fluid elimination, NoStone serves to act as a natural cleanse and ensures a smooth passage of urinary waste through the urinary tract—providing a natural release for mineral buildup.*

Canfo FlushMe® is a 2-day quick, efficient, and superior cleanse formula that will leave you feeling lighter and more energetic. This time-tested, safe, and effective natural body cleanse and detox is a proprietary blend of herbal extracts formulated to support the healthy cleansing and filtering functions of the liver, kidneys, colon, pancreas, spleen, and skin.* The key to FlushMe's effective formula lies in its ability to cleanse the blood.* By improving the blood quality, FlushMe, in turn, cleanses the organs circulated by the blood.*

Canfo EyeCare™ is the fast acting eye health formula. Eye strain is a serious problem, more than many realize. The liver is believed to nourish and moisten the eyes. When the liver is deficient in nutrients, common problems include blurry vision, myopia, “floaters” in the eyes, color blindness, or dry eyes. EyeCare™ focuses on the liver, providing it the nutrients it needs for overall liver health and wellness

Canfo BeautifyMe® is the secret beautifying formula. External beauty is simply a reflection of the body's internal condition: everyone has the ability to become more beautiful. Hair, skin, and nails are often the most obvious reflection of the body's internal condition. When the body and more specifically, when a woman's reproductive system is deprived of nutrients, hair often appears less full and vibrant; nails have bumps and ridges and are even brittle; skin becomes drier and more prone to inflammation. BeautifyMe works to replenish and enhance the reproductive system and its ability to absorb and maintain nutrients.* As the reproductive system more efficiently absorbs nutrients, the byproduct is a healthy, replenished body with healthy, hair, skin, and nails.

Canfo DePuff™ is the water retention formula. Puffiness occurs when there is excess water in the system resulting from water retention—there is a problem with water metabolism in the body. Because the primary organs responsible for water metabolism are the bladder and kidney, Depuff focuses on the kidney's natural ability to flush excess water from the body, thereby reducing the appearance of puffiness.*

Canfo NoWorries® is the happy-emotion supplement that supports natural mood enhancement, helps restore calm and relaxation, and supports natural stress relief.* NoWorries takes a unique approach to mood enhancement. Rather than involving and affecting serotonin release, NoWorries instead focuses on the promotion of natural stress relief through the facilitation of liver function. Even a healthy liver requires natural support and because the liver helps provide filtered blood to all cells of the body, improved liver health and function can greatly influence mood.

Canfo LungCare® supports a healthy respiratory system, is a cleanse for smokers and helps combat harsh air polluted environments.* LungCare promotes your body's natural ability to rejuvenate cells, working with the lung to encourage cilia growth, giving your body back its natural function of trapping phlegm as well as providing a natural cleanse for the entire respiratory system.*

Canfo OralEase® is the oral health formula. Oral health is believed to be caused by an inefficient stomach. An inefficient stomach can cause excessive bacteria growth and lowering immune system efficacy. By providing the stomach the nutrients it needs and consequently boosting the body's natural immune response, OralEase helps provide relief from canker sores, promotes gum health, and also freshens the breath in the process.*

GlucoseShield® is the blood sugar support formula. GlucoseShield is specifically formulated to support pancreatic function and blood sugar metabolism.* With healthy lifestyle changes—such as eating healthy foods, including physical activity in your daily routine and maintaining a healthy weight—GlucoseShield may be able to help support healthy blood sugar metabolism.*
