Give the Gift of Optimal Health This Holiday Season

Celebrate the Holidays with All-Natural Supplements NoWorries[®], BeautifyMe[™] and NoStone[®]

El Monte, Calif. – December 1, 2011 – This holiday season give yourself and your loved ones the gift of natural mood enhancement, improved skin, nails and hair, and overall kidney support with [Canfo Natural Products](#) NoWorries[®], BeautifyMe[™] and NoStone[®].

The full line of Canfo premium herbal formulas are part of a line of [100-percent natural supplements](#) that enhance your state of well-being by carefully blending state-of-the-art science and [eco-friendly manufacturing processes](#) with proven, centuries-old formulas. All Canfo products are **safe, fast acting, effective**, and time-tested formulas comprised of the finest quality, pesticide-free, wild-crafted, hand-picked herbs. All products are non-GMO, organic, vegan** and gluten-free.

Canfo NoWorries[®] is the happy emotion formula that supports natural mood enhancement, helps restore calm and relaxation, and supports natural stress relief.* NoWorries takes a unique approach to mood enhancement. Rather than involving and affecting serotonin release, NoWorries instead focuses on the promotion of natural stress relief through the facilitation of liver function. Even a healthy liver requires natural support and because the liver helps provide filtered blood to all cells of the body, improved liver health and function can greatly influence mood.

Canfo BeautifyMe[™] is the secret beautifying formula. Beauty is simply a reflection of the body's condition: every woman has the ability to become beautiful. Hair, skin, and nails are often the most obvious reflection of the body's condition. When the body and more specifically, when a woman's reproductive system is deprived of nutrients, hair often appears less full and vibrant; nails have bumps and ridges and are even brittle; skin becomes drier and more prone to inflammation. BeautifyMe works to replenish and enhance the reproductive system and its

ability to absorb and maintain nutrients.* As the reproductive system more efficiently absorbs nutrients, the byproduct is a healthy, replenished body with healthy, hair, skin, and nails.

Canfo NoStone® is the kidney support formula that promotes kidney cleansing function*. The kidney works hard to eliminate waste and toxic substances from the body. At times, the kidney can become overworked. NoStone works to support the kidneys to facilitate its function.* By focusing on the urinary tract's fluid elimination, NoStone serves to act as a natural cleanse and ensures a smooth passage of urinary waste through the urinary tract—providing a natural release for mineral buildup.*

With a commitment to enhancing the consumer's state of well-being, Canfo is equally dedicated to the highest standards of environmental practices and sustainability, promoting personal well-being and protecting Mother Earth at the same time. All product labels, brochures, and flyers are printed with 100-percent renewable wind energy. Canfo only uses FSC-certified sources, which boast responsible forest management, including sustainable, verified logging activities. All products are manufactured in GMP-certified (Good Manufacturing Practice) facilities. Implementing fair trade practices, Canfo works diligently to empower local communities and to support fair trading practices.

Let Canfo Natural Products enhance your holiday season with a sense of natural mood enhancement, the secret beautifying formula and overall kidney support with Canfo Natural Products **NoWorries®**, **BeautifyMe™** and **NoStone®**.
